► REGISTRATION

Standby/Waitlist Registration Fee: \$319

The Summit is now at capacity and a standby/waitlist has been opened.

For Prospective Attendees:

Registration is closed, but prospective attendees can join the standby/waitlist. When registering for the standby/waitlist, your credit card information will be taken, but your card is not charged until you move off the standby/waitlist and become a registered attendee. When someone cancels, the next person on the standby/waitlist is registered automatically. At that time, the card on file will be charged and a registration confirmation email will be sent.

For Attendees Who are Already Registered:

If you need to cancel your current registration, please let us know by emailing webmaster@squarefootage.net by Monday, September 9 at noon. You will provide an opening for a standby/waitlisted person to attend, and you will receive a full refund and all the usual fees to cover cancellation costs will be waived. Thanks for letting us know!

Summit Summary/Recap & Presentation Materials Provided to Attendees

► SESSIONS: INFORMATION YOU CAN USE NOW & IN THE FUTURE

The Summit is organized into four key themes:

1. Innovative Ideas
2. Emerging Best Practices
3. A Deep Dive into Adaptive Reuse, Renovations & Flexible Facilities
4. Leveraging Technology

We have assembled a roster of speakers to share the latest on planning, real estate, design, construction, and operations of healthcare and life science facilities. Discover the emerging trends, strategies, and technologies reshaping the industry. Network with your industry peers. Earn CEU credits. Gain valuable insights you can put to work the next day.

► INNOVATIVE IDEAS

Healthcare Acquisitions & Partnerships: The Ups, Downs, and Impacts

Get an insider's view on forces driving the latest consolidation trends impacting healthcare delivery. Learn resulting implications on providers and communities they serve. Knowing these trends can help you validate or reshape your strategic planning and construction programs.

- Nick Gialessa, Managing Director, Kaufman Hall

The Great Ambulatory Care Migration

Growing payer pressures, demographics, new technologies, and increasing average length of stay has intensified the appeal of ambulatory care as an alternative to hospital-based care. This panel will examine the service lines and functions that can be fully or partially migrated out of the hospital. Then dig deep into where to locate them. Explore the strategies and facilities needed to deliver the next generation of care.

- Christian Banks, CHC, LEED AP BD+C, Director, Planning & Construction, Northwestern Memorial HealthCare
- Tyler Bauer, MA, MBA, LCPC Senior Vice President, System Ambulatory Operations, UChicago Medicine
- Matthew Bluetie, AIA, ACHA, AICP, NCARB, LEED AP, Principal, Director of Healthcare, CUBE3
- Moderator: Lindsley Withey, FACHE, Principal, Strategy and Business Advisory, ECG Management Consultants

► EMERGING BEST PRACTICES

How Great Health Facilities Rejuvenate a Community

A well-functioning healthcare system needs facilities and community engagement programs that meet the needs and expectations of the population served in a balanced way. Staying on track requires a keen sense of direction, a strong strategic plan, and a coherent facilities plan that makes the most of available resources. Explore how health systems in the Illinois Medical District put theory into practice to breathe life into a neighborhood.

- Linh Dang, Chief Experience Officer, Cook County Health
- Dan De Young, Facility Master Planner, Jesse Brown VA Medical Center
- Allyson Hansen, CEO and Executive Director, Illinois Medical District Commission
- Susan Stearn, AIA, LEED AP, Senior Construction Project Manager, Rush University Medical Center
- Moderator: Gary W. Collins, AIA, NCARB, Senior Director/Healthcare, Virtual Energy Solutions

Destination: Certificate of Need

Get the insiders' view of how to navigate Illinois' Certificate of Need process. Understand the steps needed to make the process smoother. Explore the pitfalls to avoid that cost time, money and speed to market advantage.

- Juan Morado, Jr., Partner; Co-Chair Diversity, Equity, and Inclusion Committee, Benesch Law

Designing for Security in an Era of Increased Violence

The safety of staff and patients is a top priority for healthcare facilities. Explore how to integrate design, people, procedures, hardware, technology, even landscaping to create cost effective security. Hear how the early involvement of security professionals can reduce costs and avoid tragic situations.

- Lauris V. Freidenfelds, VP, Security Risk Consulting, Telgian Engineering & Consulting
- Barney McGrane, Asst. Vice President, Public Safety, NorthShore Edward-Elmhurst Health; President Chicago IAHS Chapter
- Erik Nelson, EIT, PCDD, Studio Lead, Technology, Stantec Consulting Services Inc.

The Art of Big Healthcare Projects: Managing Scope, Schedule, Cost, Execution, Expectations & Ghosts

Take a deep dive into the intricacy of planning, designing, approval, building, and meeting community needs for mega projects. Get an insider's perspective of what works and doesn't. Understand why and how important people are to a project's success or failure.

- Eric Hoffman, Vice President, Project Management Advisors
- Adam Keyzers, Program Director, Business Leader Healthcare, Jacobs
- Patrick Knightly, Capital Program Management, Executive Project Manager, UChicago Medicine & Biological Sciences Division

▶ LEVERAGING TECHNOLOGY

Using Cleanroom Technology to Improve Critical Environments in Healthcare

The high-tech industry is relentless in finding ways to improve quality while doing it faster and often for less. Learn how cleanroom methodologies can enhance the design, construction, performance, and maintenance of operating rooms, procedure rooms, exam rooms, and pharmacies.

- Cliff Yahnke, PhD, Chief Science Officer, SLD Technologies

Deploying Advanced Technology Successfully

As healthcare facilities become more technologically complex, the associated risks also increase. Understanding optimal financial and performance metrics is vital for achieving successful outcomes. Learn how to engage multiple stakeholders effectively to prevent miscommunication, budget pitfalls, and technology traps. Leverage our panel's experiences and insights gained across major projects and systems including Kaiser Permanente, Penn Medicine, and UChicago Medicine's new Cancer Center.

- Paul Kondrat, PE, LEED AP | Principal, Engineering Co-Director Cannon Design
- Jack Roberts, Systems Architect, Digital Buildings, Schneider Electric
